

Start, Invest & Live in Madinah

Your trusted partner for business and investment in the Prophet's City

Madinah is one of the most meaningful places on earth to build a business and a life. Every year millions of visitors come to the Prophet's City, and under Vision 2030 the region is growing fast in hospitality, real estate, and services. **Invest Global Madinah** helps foreign investors and entrepreneurs take part in that growth. We handle the details of setting up in Saudi Arabia, connect you with the right people and opportunities, and stay with you after launch, so you can focus on building your business.

WHAT WE DO

Company Setup

We take you from idea to a fully licensed Saudi company: choosing the right activity and structure, MISA investment license, Commercial Registration, government registrations, and bank account support. Clear guidance at every step, with no surprises.

Managed Services

Once your company is running, we keep it running smoothly. Bookkeeping, HR and payroll, government relations, and ongoing compliance, handled by our local team so you can operate with confidence, even from abroad.

Residency & Relocation

For investors who want to live in Madinah with their families, we advise on Premium Residency and investor residency options and guide your relocation, from paperwork to settling in.

Real Estate & Investment

Access to Madinah property, whether buying or developing, including ownership through your Saudi company. We also connect investors with opportunities in the pilgrim economy: hotels, restaurants, retail, and services.

WHY INVEST GLOBAL MADINAH

Local presence

Our own office and team in Madinah, backed by Invest Global in Riyadh.

Founders who did it

Our leadership moved to Saudi Arabia and built companies here firsthand.

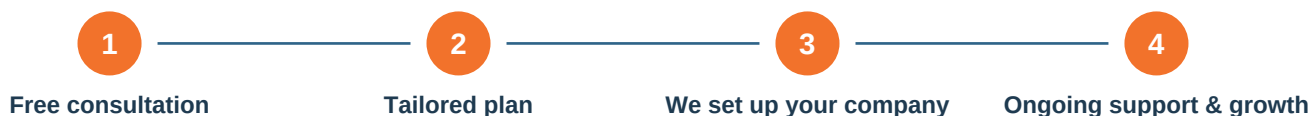

Your language

Service in English, Russian, Kazakh, and Arabic.

End to end

Setup, operations, residency, and investment with one partner.
